

Ultimate Advanced

Here at the United dance Organisation, we want to give all crews the opportunity to compete for the larger prizes; we are therefore thrilled to be hosting the 'Ultimate Advanced' category. The Ultimate Advanced is a brand-new category that has been introduced for 2019. It will incorporate the O18 Advanced division, but also invite crews of from any **ADVANCED** category to compete for the top prize money! This allows teams of all ages the opportunity to compete against the best crews for the overall title of Ultimate Advanced, as we believe that age should not inhibit a dancer who wants to push themselves to compete at the highest competition level.
